26. Overview of the entity's material responsible business conduct issues

(Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk alongwith its financial implications, as per the following format)

MSTC adopted a structured approach to materiality assessment, beginning with the identification and prioritization of key stakeholders. By engaging directly with these groups, the company identified environmental, social, and governance (ESG) concerns relevant to its specific sector and regional operations. These issues were then evaluated through a dual-lens prioritization process, incorporating feedback from stakeholders and MSTC's senior management. Issues identified as critically important by both internal leadership and external stakeholders were designated as the company's material topics.

The following issues have been identified and mapped based on their relative importance to both MSTC and its stakeholders. Their position on the materiality matrix reflects their strategic significance across the ESG spectrum:

Social (S)

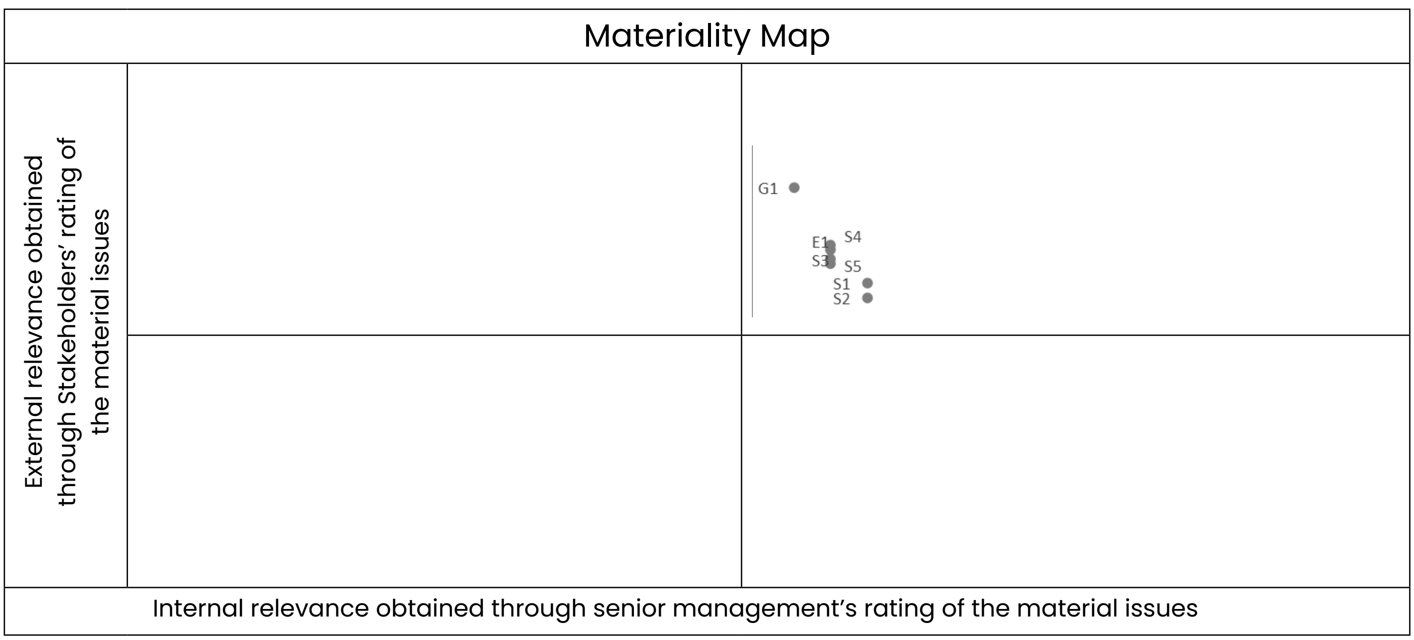
- **S1: Diversity in the Organisation**– Promoting an inclusive workforce and equal opportunity.
- **S2: Work-Life Balance** – Enhancing employee well-being and operational flexibility.
- **S3: Training, Education, and Career Progression** – Investing in continuous skill development and professional growth.
- **S4** focuses on human rights, safety, and the societal impact of the company's offerings.

Environmental (E)

- **E1: Resource Efficiency** – Optimising the use of materials and energy across business operations.

Governance (G)

- **G1: Ethics & Integrity** – Maintaining transparency and high standards of corporate conduct.



The risks determined, arises out of the material issues and they have been elaborated in the table below:

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
1.	Diversity in the organisation	Opportunity	MSTC views Diversity and Inclusion (D&I) as a catalyst for growth. Integrating varied perspectives leads to more robust decision-making frameworks, increased innovation, and a deeper commitment to customer-centric excellence.	NA	P
2.	Work-life balance of employees	Opportunity	MSTC recognises that work-life balance is a critical driver of organisational success. Implementing initiatives that allow employees to balance professional responsibilities with personal commitments directly enhances job satisfaction and reduces turnover, ensuring long-term operational efficiency	NA	P
3.	Training, education & career progression	Opportunity	Investing in continuous training and development is fundamental to sustaining a high-competency workforce at MSTC. By empowering employees with the latest skills and knowledge, we enhance individual job satisfaction and long-term retention. This commitment to professional growth creates a direct pathway to increased organizational productivity and superior business performance.	NA	P
4.	Resource efficiency	Opportunity	Enhancing resource efficiency lowers costs, reduces environmental impact, and strengthens stakeholder trust.	NA	P

5.	Customer privacy and data protection	Risk	Compromising customer privacy triggers reputational damage, legal sanctions, and loss of trust, leading to financial decline.	MSTC upholds the highest standards of data security through next-generation firewalls, Intrusion Prevention Systems (IPS), and SSL encryption. Our commitment to robust cybersecurity is validated by our ISO 27001:2013 certification for e-commerce operations.	N
6.	Customer complaints and feedback	Risk	Ineffective complaint management triggers negative feedback and diminishes customer trust.	MSTC is dedicated to elevating customer service standards by ensuring the prompt and effective resolution of all stakeholder concerns.	N
7.	Anti-corruption practices of the company	Risk	Failure to implement effective anti-corruption practices can lead to legal and regulatory sanctions, fines, reputational damage, and loss of customer trust, resulting in financial losses and decreased customer loyalty.	MSTC upholds high ethical standards by maintaining a zero-tolerance corruption framework, reinforced by established policies and mandatory training initiatives to ensure full regulatory compliance.	N

Governance, Leadership and Oversight

7. Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

MSTC remains steadfast in promoting superior corporate governance through absolute transparency and stringent ethical standards. A cornerstone of this commitment is our mandatory Integrity Pact, integrated into all contracts; this framework reflects our dedication to the ethical benchmarks recommended by Transparency International India and the Ministry of Steel.

The Indian economy maintained a robust growth momentum through the conclusion of the previous fiscal year, supported by high business and consumer confidence, consistent public investment, and moderating inflation. Despite this strength, the growth outlook remains subject to risks from prolonged geopolitical volatility and sustained high real interest rates.

ESG-Related Achievements

We have successfully scaled our performance and career development frameworks to achieve 100% participation across our entire workforce, ensuring gender-neutral growth opportunities. Furthermore, MSTC continues to uphold its 'Zero Harm' commitment, maintaining a flawless safety record with zero reportable incidents during this fiscal year.

MSTC has achieved significant progress in its human rights advocacy, expanding training coverage to 91% of our workforce this year. This represents a substantial year-on-year improvement and underscores our commitment to institutionalizing ethical conduct. We remain focused on scaling these initiatives to ensure comprehensive coverage in the coming periods.

MSTC has made significant strides in ensuring fair and equitable compensation, reflected in a balanced increase in median remuneration across all organizational levels. These adjustments underscore our commitment to pay parity and gender-neutral reward systems, ensuring our compensation framework remains competitive and inclusive.

In alignment with our commitment to community development, MSTC invested approximately ₹ 73.76 lakhs in CSR initiatives within a designated aspirational district. This funding was strategically directed toward the procurement and installation of advanced medical equipment for a charitable blood bank, significantly enhancing healthcare accessibility in the region.

MSTC has significantly strengthened its ESG governance framework, achieving substantial improvements in the transparency, availability, and accuracy of sustainability data. We remain committed to regulatory excellence, maintaining rigorous internal controls to ensure absolute adherence to all legal and statutory requirements.

Challenges and Threats

GeM Portal Impact: The government's mandate prioritizing the GeM Portal for public procurement presents a strategic challenge to our traditional e-procurement vertical. This shift has moderated our market exposure and narrowed the scope of work in certain procurement segments, necessitating a strategic reassessment of our service offerings in this domain.

Cybersecurity Risks: In an evolving digital landscape, MSTC remains vigilant against the persistent threat of cyber-attacks. We recognize that any breach could disrupt operations and compromise our reputation; consequently, we continue to prioritize the fortification of our cybersecurity infrastructure to safeguard our financial and operational stability.

Business Model Adaptation: The rapidly changing technological landscape requires continuous adaptation to meet new customer demands and preferences, presenting both a challenge and an opportunity for growth.

Future Outlook

Our strategic focus remains on delivering integrated, paperless, and seamless service solutions to both government and private sector organizations, directly contributing to India's digital and economic progress.

MSTC's Chandigarh Regional Office expanded our footprint in the agricultural sector by securing agreements with the Animal Husbandry Department (Govt. of UT of J&K) and Sher-e-Kashmir University (SKUAST-K). These partnerships leverage our robust E-Procurement V3 Portal to institutionalize International Competitive Bidding, driving superior governance through enhanced transparency and efficiency.

In line with our sustainability vision, we have pioneered India's first dedicated portal for End-of-Life Vehicles (ELV). This initiative is a cornerstone of our commitment to the circular economy and responsible resource management. As we navigate the evolving ESG landscape, MSTC remains dedicated to creating long-term stakeholder value through innovation, ethical conduct, and environmental stewardship.

We extend our sincere gratitude to our employees, customers, and partners for their unwavering trust. We reaffirm our commitment to the highest standards of corporate governance and sustainable growth as we move forward.

b. **What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

Work-related hazards are identified through routine inspections conducted by facility management personnel. This proactive approach ensures that unsafe conditions—such as electrical risks or slip, trip, and fall hazards—are immediately addressed and rectified. Furthermore, comprehensive health and safety assessments are mandatorily performed prior to the commencement of any maintenance activities.

c. **Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No)**

Yes, The Company maintains an open reporting culture where any individual is empowered to report unsafe conditions to the facility management, maintenance team, or their immediate supervisor. This policy ensures that personnel can proactively mitigate risks and protect themselves from potential harm.

d. **Do the employees/workers of the entity have access to non-occupational medical and healthcare services? (Yes/ No)**

Yes, MSTC recognises that the holistic health and well-being of its workforce are the cornerstones of organisational resilience. Moving beyond mere compliance, the Company proactively facilitates access to comprehensive non-occupational medical and healthcare services. As a leader in the e-commerce sector, MSTC integrates physical and mental health safeguards into its core operational strategy, fostering a supportive environment that prioritises the person as much as the professional.

This commitment to care is lifelong; MSTC extends post-retirement medical benefits to its former employees. By securing healthcare support beyond their active years of service, the Company ensures long-term financial and physical peace of mind, reflecting a deep-seated gratitude for their years of contribution.

MSTC's dedication to welfare and safety extends far beyond its internal perimeter. The Company views its supply chain as an extension of its values. By formally communicating its stringent standards for Human Rights and Health & Safety to all supplier firms, MSTC ensures that its business partners operate with the same level of accountability.

LEADERSHIP INDICATORS

1. **Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N)?**

   Yes, The Company provides extensive healthcare and financial security benefits to its workforce. This includes medical reimbursement for both domiciliary and hospitalization treatments, extended to both active and retired employees. Furthermore, all personnel are covered under the Employee's Deposit-Linked Insurance (EDLI) Scheme, 1976. To provide additional security, the Employees Family Benefit Scheme offers critical financial support to employees in the event of permanent total disablement, or to their families in the event of an untimely demise during their service.

2. **Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.**

   MSTC maintains rigorous oversight to ensure that all statutory obligations within its value chain are fulfilled without exception. The Company employs a stringent verification process where contractor invoices are approved only upon the submission of documented proof regarding Provident Fund (PF), Employee State Insurance (ESI), and other mandatory dues. By enforcing this zero-tolerance policy, MSTC safeguards stakeholder interests and ensures that its partners operate with the same level of legal and ethical integrity. This proactive financial management reflects MSTC's unwavering commitment to regulatory compliance and corporate accountability.

3. **Provide the number of employees/workers having suffered high-consequence work-related injury/ ill-health/ fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:**

Health and safety practices	–
Working Conditions	–

6. **Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from assessments of health and safety practices and working conditions of value chain partners.**

   MSTC maintains a proactive oversight mechanism to address health, safety, and working condition risks within its value chain. By implementing rigorous standards at the administrative and operational levels, the Company ensures immediate corrective action and prompt intervention upon the identification of any hazards. This systematic approach prioritises the well-being of all stakeholders and reinforces a culture of safety throughout our external partnerships.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. **Describe the processes for identifying key stakeholder groups of the entity.**

   Stakeholder Identification & Engagement Methodology

   MSTC employs a systematic, four-stage approach to identify and engage stakeholders for its materiality assessment:

   1. Scoping & Framework Alignment: The materiality assessment begins by defining the scope, focusing on issues with significant potential impact on MSTC's operations, reputation, and value chain. This process is strictly guided by the global standards of the Sustainability Accounting Standards Board (SASB) and the Global Reporting Initiative (GRI).

2. Internal Stakeholder Mapping: The Company identifies key internal parties with direct operational ties, including employees, management, and shareholders, whose interests are central to organisational performance.
3. External Stakeholder Identification: MSTC identifies external groups impacted by or possessing an influence over its activities. This group includes customers, suppliers, regulatory bodies, and the local communities in which the Company operates.
4. Strategic Prioritisation: Stakeholders are evaluated and prioritised based on their level of interest and degree of influence over MSTC's operations. This prioritisation ensures that the subsequent engagement process is focused on the most relevant perspectives.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	**Whether identified as Vulnerable & Marginalised Group (Yes/No)**	**Channels of communication** (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	**Frequency of engagement (Annually/Half yearly/ Quarterly/others – please specify)**	**Purpose and scope of engagement including key topics and concerns raised during such engagement**

LEADERSHIP INDICATORS

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

   MSTC operates on the principle that proactive, transparent communication with key stakeholders is fundamental to articulating its long-term strategy and performance. This consistent engagement serves as a vital feedback loop, allowing the Company to align its service delivery with evolving stakeholder expectations. Furthermore, the Board of Directors remains actively involved in this process, receiving regular updates on stakeholder developments to provide strategic oversight and guidance.

   Beyond routine interactions, the Company recently concluded a targeted Stakeholder Engagement Exercise. The prioritised concerns identified through this initiative were synthesised into a formal report for Management and Board review. These critical issues have been integrated into the Company's Materiality Matrix, ensuring that stakeholder-driven insights directly inform MSTC's future strategic actions and sustainability commitments.

2. **Whether stakeholder consultation is used to support the identification and management of environmental and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity**.

   Yes, the company has engaged with its stakeholders to identify the material topics for itself. The outcome is disclosed in this report which will be further utilised and linked with the Company's long term strategy.

3. **Provide details of instances of engagement and actions taken to address the concerns of vulnerable marginalised stakeholder groups.**

   The Company's CSR activities focus on the Tribals, backward, vulnerable and marginalised segments of society. Kindly refer to the CSR Report given separately in the Annual Report.

LEADERSHIP INDICATORS

1. Channels/platforms where information on products and services of the entity can be accessed (provide web link, if available).

Below are the official websites where information on products and services of the entity can be accessed:

https://www.mstcindia.co.in/

https://www.mstcecommerce.com/

2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

MSTC cares deeply about protecting your personal data and privacy. We offer many learning tools on our website to help you stay safe. These tools include clear guides and helpful videos about signing up, bidding, and setting up your account. They help keep your private information and passwords secure from others.

You can easily find our Terms of Use, rules for Do's and Don'ts, and Privacy Policy online. These documents teach you the best ways to guard your business and personal details. Our helpful service desk and local staff across India also give personal advice. They are ready to teach you about safety and answer your questions.

We use many quick ways to share important updates with you. We will send you emails, text messages, and post news directly on our website. Our support team is always ready to help you. They can answer any questions you have about keeping your account safe.

You can reach our team easily by phone, email, or through our website. We also have an easy Ticket Raising System to handle your requests. All of these tools are built to help you manage your accounts and money safely on our site.

3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

MSTC has reliable ways to warn users about potential service disruptions or stops. As an e-commerce provider, we follow a strict Business Continuity Plan. This plan includes essential infrastructure upgrades. We carefully schedule these upgrades during set downtime periods to cause the fewest possible problems.

We always share information about planned maintenance, system upgrades, and operational changes. These changes might affect how the service works or when it is available. To stay transparent, MSTC notifies everyone about scheduled downtime in advance. We send these alerts through email, SMS, website notices, and collaboration tools.

If an unexpected disruption or stoppage happens, we promise to communicate quickly and honestly. Our dedicated customer support team is ready to answer questions and address concerns fast. They will provide regular updates and help you to reduce any inconvenience.

Through these steps, MSTC shows its commitment to open communication. We want to keep service interruptions as low as possible. This approach helps users plan and adjust their activities, which ensures a positive experience for everyone.

4. **Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products/services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)**

The information about our e-commerce services on our official websites follows our company policy. This policy applies to all clients. It covers both registered and unregistered users.

MSTC regularly checks how satisfied our clients are with our e-commerce services. We conduct these surveys both online and offline from time to time. We use the feedback to make important improvements and enhance client's overall experience.

We have made three major updates to help our users. First, we launched a ticket system so registered buyers can communicate with us clearly. Second, we made it easier for all visitors to find and view upcoming auctions on www.mstcindia.in. Finally, we upgraded the search tool on https://www.mstcecommerce.com so registered buyers can select multiple search options at once.
