Escorts Kubota Limited sold 15,214 tractors in September 2026

Faridabad, October 1st, 2026: Escorts Kubota Limited Agri Machinery Business in September 2026 sold 15,214 tractors as against 18,267 tractors sold in September 2025.

Domestic tractor sales in September 2026 were at 14,911 tractors as against 17,803 tractors in September 2025. September 2026 performance is not comparable with the corresponding period last year, given the high base following the GST rate reduction in September 2025, shift in the festive season to October 2026, patchy monsoon conditions and relatively lower Kharif sowing. Looking ahead, festive demand, crop harvesting and improving rural liquidity are expected to support industry volumes. However, the high base effect may continue to moderate industry growth in the near term.

Export tractor sales in September 2026 were at 303 tractors as against 464 tractors sold in September 2025.
