JTL Industries Achieves Highest Ever H1 Sales Volume of 2,20,806 MT, Registers 21.2% YoY Growth

Chandigarh, 1st October 2026: JTL Industries Limited (“JTL” or “The Company”) (BSE: 534600 | NSE: JTLIND), a leading manufacturer of structural steel tubes, announced its business performance update for Q2 and H1 FY27.

- Achieved highest ever half yearly sales volume of 2,20,806 MT in H1 FY27, registering 21.2% YoY growth over H1 FY26
- Q2 FY27 sales volume stood at 1,02,255 MT, registering 25.3% YoY growth
- Approximately 7,00,000 MT of incremental capacity is expected to come on stream in Maharashtra during H2 FY27
- The entire incremental Maharashtra capacity is focused on value added products, providing significant scope to further enhance JTL’s value added product mix

Quarterly and Half Yearly Business Update

Consolidated Sales Volume (MT)

Commenting on the performance, Mr. Madan Mohan, Managing Director of JTL Industries said:

*“JTL Industries has delivered a strong performance in H1 FY27, achieving our **highest ever half yearly sales volume of 2,20,806 MT**, representing a 21.2% YoY growth over H1 FY26. This performance reflects sustained demand across our key product segments and continued execution across our manufacturing operations.*

The second half of FY27 marks an important phase in our growth journey, with approximately 7,00,000 MT of incremental capacity expected to come on stream in Maharashtra. Importantly, this entire capacity is focused on value added products, enabling us to scale volumes while further strengthening our product mix.

*We remain focused on the timely ramp up of these capacities, improving utilisation across our manufacturing footprint and increasing the contribution of value added products. **With the addition of this significant capacity, we remain confident of delivering on the growth objectives outlined for FY27. The combination of strong H1 performance and the ramp up of incremental, value added capacity in H2 provides a strong foundation to achieve the growth trajectory envisaged for the year.***

About JTL Industries Limited

JTL Industries Limited is among the fastest growing steel tube and non ferrous metal products manufacturers, with its registered office situated in Chandigarh. The company operates manufacturing facilities in Punjab, Maharashtra, Chhattisgarh and Himachal Pradesh (including its subsidiaries). Its cumulative pipe manufacturing capacity is approximately 9,36,000 MTPA, with around 3,00,000 MTPA dedicated to backward integration. The company is a recognized Three Star Export House. Its product range includes DFT Structural Pipes, GI Pipes, MS Black Pipes, Hollow Sections, Solar Structures, HR Coils and Phosphorous Bronze, Copper and Brass Alloys, among others, which cater to various industrial and infrastructural applications.
