Q1 FY27 Financial & Business Update

Strong Start to Q1 FY27 Revenue up 48% YoY, PAT up 129% YoY

Manipal, 1st October 2026: Manipal Payment and Identity Solutions Limited (MPi), a provider of payment, identity, secure and Smart Tagging & IoT solutions, today announced its financial results for the quarter ended June 30, 2026.

Key Financial Highlights – Q1 FY27 vs Q1 FY26 (Consolidated)

- Revenue from operations stood at Rs. 419.0 crore, higher by 47.8%
 - Strong performance across domestic and international businesses supported broad-based revenue growth
 - Growing export traction lifted the contribution of international business to 15.3% of revenue, from 3.9% in Q1 FY26
- Operational EBITDA stood at Rs. 124.2 crore, an increase of 44.1%, with an EBITDA margin of 29.6%
 - Favourable product mix, with a higher contribution from premium, technology-driven and value-added offerings, aided EBITDA growth
 - Margins remained stable sequentially, while the YoY moderation primarily reflected pre-operative costs associated with new geographies and facilities. As revenues from these investments ramp up, these costs are expected to be absorbed more efficiently
- Profit after tax (PAT) stood at Rs. 77.7 crore, up 129.1%
 - Operating leverage coupled with lower finance costs bolstered PAT growth
 - PAT margin improved to 18.3% from 11.6% in Q1 FY26

Commenting on the results, Mr. K Girish Kini, Executive Director & CEO, Manipal Payment and Identity Solutions Ltd., said

“We have started FY27 on a strong note, with revenue growth of 48% year-on-year and broad-based performance across our portfolio. The quarter saw healthy traction across product categories, supported by the continued scale-up of our international business and premium offerings, including metal cards. As we begin our journey as a listed company, I would like to thank our shareholders and investors for the trust and confidence they have placed in us.”

Over the years, we have consistently invested in R&D, technology and product capabilities to address the evolving requirements of our customers across payments, identity and secure solutions. Our technology-led approach, domain expertise and longstanding customer relationships continue to enable us to develop differentiated solutions and pursue opportunities across existing and new markets.

As we move forward, we remained focused on deepening customer relationships, expanding our international presence, strengthening our premium and technology-driven offerings, and continuing to invest in innovation and capacity. We believe the differentiated and scalable platform we have built positions us well to participate in the long-term growth of the payments and identity ecosystem while delivering sustainable value for our stakeholders.”

Key Operational Developments

- Successful IPO and listing mark an important milestone in the Company’s growth journey
 - Rs. 805 crore IPO, including a Rs. 320 crore fresh issue
 - Rs. 238 crore earmarked for capex to support capacity expansion across manufacturing and technology infrastructure.
- Deepened customer relationships through new programmes and expanded offerings across payment cards, fulfilment, identity and digital automation solutions
- Expanded international business through new customer engagements across key geographies
- Strengthened premium and differentiated payment-card offerings, led by metal cards and other value-added solutions
- Scaled Smart Tagging, RFID and IoT capabilities across identification, authentication and traceability applications
- Continued investments in R&D, technology and manufacturing to support innovation and evolving customer requirements
