Note: For the amount utilized in Q2FY27, all payments were initially made through CC/OD accounts during the period from March 2026 to August 2026 and were subsequently reimbursed from the monitoring account in September 2026. The amount reflected in the bank statements is higher than the amount claimed under the utilization of proceeds, as the company utilized its own funds as well towards these expenses/ procurements. Further, due to the large number of debit and credit transactions in the current accounts, along with the presence of consolidated entries, CARE Ratings Limited has relied on CA certificate and management certificate to ascertain the end utilisation of the reimbursed proceeds.
