Rating: Downgraded and migrated to 'Issuer Not Cooperating' category

RATING ACTION / OUTLOOK / NATURE OF NON-COOPERATION

The rating was due for review. BWR took up with the issuer/borrower to provide required information over emails and through telephone calls. Despite the best efforts of Brickwork Ratings (BWR) to get at least the minimum required information for a review through emails (dated 13 & 19-Nov-2020) and telephone calls, the entity has not provided the same and remained non-co-operative. In the absence of adequate information from the issuer/borrower, BWR is unable to assess the issuer/borrower's financial performance and its ability to service its debt and maintain a valid rating. Not responding to information sought for review of rating shows management indifference to compliance and poor corporate governance.

LIMITATIONS OF THE RATING

Information availability risk is a key factor in the assessment of credit risk as generally, noncooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress.
