Q1 FY27 EARNINGS PRESENTATION

5 October 2026

This presentation has been prepared by Manipal Payment and Identity Solutions Limited (the “Company”) solely for information purposes. It does not constitute an offer, recommendation or invitation to purchase or subscribe for any securities of the Company, and no part of it shall form the basis of any contract or commitment.

Certain statements in this presentation are forward-looking statements, generally identified by words such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “plan”, “will” and similar expressions. They are based on management’s current expectations and are subject to risks and uncertainties, including changes in demand, competition, technology, regulation and macro-economic conditions, that could cause actual results to differ materially. The Company undertakes no obligation to update or revise any forward-looking statement.

This presentation includes non-GAAP measures such as Operational EBITDA and EBITDA margin, and a management classification of the Company’s businesses into Core and Emerging. These are supplemental measures that are not defined under Ind AS and may not be comparable with similarly titled measures of other companies. A summary of consolidated financial results is provided in the Annexure.

Industry and market data are sourced from the report titled “Assessing the Potential of Global Payments Card Market” dated August 10, 2026, prepared by Frost & Sullivan and commissioned by the Company, and from other public sources; such data has not been independently verified. Financial results for Q1 FY27 have been subjected to limited review by the Statutory Auditors. Figures are in ₹ crore unless stated otherwise and may not add up due to rounding.

Metal Cards: patented, Make-in-India premium cards – supplying all top-4 Indian issuers and exporting globally

Patent & IP

One of the **leading metal card manufacturers**¹, holding **patents** in **India, Nigeria, South Africa, USA and Australia**.

Scalable Capacity

670,000 cards – annual capacity

Strategic Advantage

Attracts affluent segments, enhances brand, offers durability & security.

Proprietary Tech

Patented manufacturing, certified by Mastercard & major networks.

Cost-Effective, Premium ASP

In-house production: faster lead times, lower freight; higher ASP vs PVC

Global Metal Cards (Mn)

India, Market Size by Metal Cards Issued

Why do customers prefer metal cards?

Objective: Secure print to field verification, deployed with multiple state govts.

Paper & polyester excise labels, incl. biodegradable variants; **secured with intaglio ink**

End-to-end program: secure print → serialization → dispatch → field verification (consumer & officer apps)

INTERGRAF (ISO 14298), ISO 27001/9001/14001, Founding member ITSA; member IOTA, ASPA

Market Overview

Liquor Excise Stamps

- **30–35 Bn issued annually** — One of the largest global excise-label system serving 27 states
- **Shift to digital serialization** improving revenue tracking & anti-counterfeit control.

Sin Goods Digitalization

- **Unique IDs approved** (FY 24–25 GST) for sin goods.
- **Next wave of traceability** → unit-level digital stamps for compliance & tax assurance.

Why Now?

- **Enforcement push** against illicit trade and tax evasion
- **Shift to serialised QR** and biodegradable “phygital” labels
- **Nascent sectors** – tobacco, pharma, agri-seeds

Global Opportunity

- Excise digitisation** underway in tobacco, alcohol & pharma
- India-proven** serialisation & intaglio security, export-ready
- Targeting** emerging-market excise programmes

RFID & IoT: item-level tagging for global retail majors, in a ~₹2.8 lakh Cr global market by FY30

Our Software Offerings

Track & Trace Platform

- Serialization & multi-level aggregation (factory → retail)
- Warehouse, job & inventory management modules
- QR/RFID data capture, APIs, BI dashboards & exception alerts

Mobile Authentication

- QR-based officer & consumer authentication apps
- Geo-tag, timestamp & duplicate detection
- Central MIS dashboard with drill-downs & heatmaps

Where RFID adoption is growing

Retail & apparel

Item-level tagging at global majors; enhancing inventory accuracy

Logistics & warehouses

Asset tracking, faster audits & reconciliation; last-mile visibility

Events & access

RFID ticketing & wristbands; cashless venues, crowd analytics

Healthcare & industrial

Equipment, drug & parts tracking; authentication at point of use

PAT margin	18.3%	16.3%	+200 bps	11.6%	+670 bps
Diluted EPS (₹)	3.39	2.53	▲ 34%	1.57	▲ 116%

Key commentary

Revenue

+48% YoY

+48% YoY, led by strong performance in international and domestic business

EBITDA

29.6% margin

Despite adverse forex movements and elevated raw material prices amid geopolitical headwinds, operating leverage kept EBITDA margin resilient at 29.6%.

PAT

2.3x YoY

Reported PAT grew **2.3x YoY** to **₹78 Cr**, driven by operating leverage and lower finance costs, while absorbing ~₹7.7 Cr of seeding and development costs for new initiatives.

Core compounding at 22% YoY; Emerging scaling 2.3x to 37% of revenue

+48%
revenue YoY

24% → 37%
Emerging share

 **EMERGING**
Q1FY27

₹157 Cr

2.3x YoY

37% of revenue

Exports across five regions, IoT and metal cards

Exports: 15+ countries; sales presence across 5 global regions

Smart Tagging & IoT: new multi-year contracts

Metal cards: launched with F&B and fintech leaders

 **CORE**
Q1FY27

₹262 Cr

+22% YoY

63% of revenue

Domestic business: new wins and NCMC adoption

Co-branded cards: adoption rising across customers

NCMC: usage scaling across mobility networks in India

Secure Logistics and cheques: deeper bundled share of wallet

Our Bundled Offerings

MPI PersonaPrint

Securely personalises cards through encryption and chip encoding

- Built to meet global network standards
- Integrates with HSMs for **secure key management and encryption**
- Supports **high-volume, instant, and prepaid card** issuance

MPI IssuNow

Real-time instant issuance solution for banks /fintech

- Personalise and deliver payment cards instantly
- Enables **account opening** and **card activation** within **minutes**
- Supports **debit, credit, and prepaid** variants

MPI WatchGrid

A remote monitoring platform to oversee connected infrastructure.

- Tracks **system health, hardware** status, and operational **uptime**
- Supports **remote patching, advertisement management, and configuration** via secure LAN

Secure Logistics & Fulfilment Platform

- Enables **end-to-end shipment tracking** across 19,000+ PIN codes through integrated courier APIs.
- Provides banks and insurers **real-time visibility and audit trails** for all secure dispatches.

Printing & Personalisation

High-volume print and variable-data personalisation for policies, premium notices, and renewals.

Customer Engagement at Scale

Enables insurers to send targeted, compliant communications reliably.

Secure & Timely Delivery

Multi-layer security to prevent tampering, backed by nationwide logistics.

Communication Management Platform

- Automates personalised customer communication across print and digital
- Real-time tracking and compliance for banks and insurers

In-house Hologram Origination

- Feature set supports complex **overt & covert effects** for excise, payments & ID.
- Holograms used on **RuPay payment cards**, **national identity cards** and **EPIC cards**, **state excise departments**

Coated Products & Election Media

- **VVPAT thermal rolls** built for **extreme temperatures**, offering **7+ yr life**
- Used in national & state elections.
- **Air waybills and event tickets** use **thermal-printable security coatings** for durability and traceability.
