Sub.: Capacity addition for manufacturing Lithium-Ion Battery packs

Ref.: 1. Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"); and
2. Our letter dated 17th June, 2026 informing commencement of commercial production at the Company's plant in Mindewadi, District Pune.

Dear Sir / Madam,

The Company has announced commencement of commercial production of Lithium-Ion Battery packs vide its letter dated 17th June, 2026.

To manufacture battery packs for the four-wheeler segment, the Company has evaluated and decided to expand its manufacturing capacity at the existing facility at Mindewadi, Taluka Maval, District Pune, Maharashtra.

The details required pursuant to Regulation 30 of the Listing Regulations read with the SEBI Circular no. HO/49/14/14(7)2025-CFD-POD2/I/3762/2026 dated 30th January, 2026 are enclosed as **Annexure – I**.

We request you to take the above information on record.

Thanking you,

Yours faithfully,
For **Endurance Technologies Limited**

Encl.: As above

Annexure – I

Disclosure under Regulation 30 of Listing Regulations

Sr. no.	Particulars	Description
1.	Existing capacity of the Company (per month)	~26,000 battery packs per month for two-wheelers.
2.	Existing capacity utilisation	The commercial production commenced on 17 th June, 2026, with a line of sight to achieve 70% utilisation by October 2026.
3.	Proposed capacity addition (per month)	3,640 battery packs per month for four-wheelers.
4.	Period within which the proposed capacity is to be added	Capacity addition is expected to be completed in Q3 of the current financial year.
5.	Investment required	~Rs. 62 crore (net of GST Tax credit)
6.	Mode of financing	Internal accruals
7.	Rationale	The Company has launched battery packs as a new product line for mobility, energy storage and other high potential applications, to meet the anticipated growth in those sectors. The Company has already started commercial production of battery packs for two-wheelers from 17th June, 2026. With this investment in capacity addition, the Company shall be in a position to expand into the manufacturing of battery packs for four-wheelers, thereby further strengthening its presence in the electric mobility market. The Company is in advanced stage of discussion with a four-wheeler EV OEM for supply of these battery packs.
